

WOMEN INVESTING IN SCIENCE & HEALTH
at Banner Health

Membership Information

Women Investing in Science & Health (WISH), in collaboration with Banner Health, provides education and philanthropic support focusing on women's and family health.

About WISH

WISH is a membership-based philanthropic affinity group that supports, enhances and advances science and health care delivery. In partnership with Banner Health, we offer trusted evidence-based education and leading-edge information to women who are looking to provide quality healthcare options for themselves, their families and their networks.

WISH Vision

WISH is a highly regarded affinity group of women leaders in Arizona that promotes and supports women's and family health by offering evidence-based research, trusted resources and leading-edge, educational opportunities.

WISH Impact

Each year members vote to fund one or more innovative and leading edge program that directly impacts women and their families within our community.

WISH Membership

Included in your \$1,000 annual investment:

- Educational sessions with experts in medicine, health care, and biomedical research
