

# Membership Information

Women Inspiring Scientific Progress (WISP), in collaboration with Banner Health, raises awareness of women's and family health issues through education and philanthropic support.

## About WISP

We are a giving circle of women dedicated to health issues affecting women and their families, including Alzheimer's disease and care giving. We aspire to be the premier organization of women leaders in Arizona focused on providing education and resources to promote women's health.

## What We Support

We pool our gifts and decide together how best to invest our collective funds in Banner Health programs important to women and their families.

## Membership Details

Your \$1,000 annual membership gift offers:
